

# Portable Power system

PPS-1212R PPS-1218R

## Overview

Simple and easy use for home backup power application. Portable power system consists of AC/DC battery charger, battery, LED bulbs and extend DC ports. The power system will help user to lighting , charging mobile phone and support small DC equipment for grid fault.

## Features:

- EverExceed Micro Gel battery are designed for long life and deep cycle ability
- Charging mobile and lighting for grid fault
- Built-in MP3 player and radio function
- Integration: USB DC 5V and DC 12V output
- Built-in 12V/5A charger

2 Colors available: ■ (yellow) ■ (blue)

### EverExceed Premier Quality Battery Features:

- ◆ Excellent deep cycle ability
- ◆ 2200+ cycle available
- ◆ Reliable performance
- ◆ True Gel technology

## Specification

Model	PPS-1212R	PPS-1218R
