

<div class="df_qntext">What is China's 14th five-year plan 2021-2025?

As China's 14th Five-Year Plan (2021-2025) nears its conclusion, the country is taking stock of a time defined by resilience, innovation, and transformation, with ministries outlining progress at a series of press briefings hosted by the State Council Information Office since July.

<div class="df_qntext">What is the 14th five-year plan?

The 14th Five-Year Plan, officially the 14th Five-Year Plan for Economic and Social Development and Long-range Objectives Through the Year 2035 of the People's Republic of China, is a set of Chinese economic development goals designed to strengthen the national economy between 2021 and 2025.

<div class="df_qntext">How does the 14th five-year plan differ from previous five-year plans?

The 14th Five-Year Plan differs from past plans in that it also includes a short section on "long-range objectives" for 2035. Note that although this document is an "outline," the PRC government has labeled the longest and most authoritative full versions of previous five-year plans it released as "outlines" as well.

<div class="df_qntext">What is the 14th five-year plan for National Economic & Social Development?
