

## Actual solar container of lebanon 3285 movement

<div class="df\_qntext">Will a clean 3285 movement work with a GMT module?

The Clean 3285 movement is based on the Dandong 3235 movement added with the GMT module, so there is no doubt that the stability and power reserve would be as good as always. I'm sure it will work perfectly. 4. According to Clean factory, the Dandong 3285 movement will be exclusively provided by them.

<div class="df\_qntext">How long is clean 3285 movement compared to Gen & Shanghai 3285?

I'm back with the fresh new released Clean 3285 movement (from Dandong) compared with GEN and Shanghai 3285 movement. This time the power reserve of Shanghai movement is 40 hours. However, we couldn't know the exact duration of Shanghai movement due to our hasty time. I hope it can also be stable, so that our clients would have more choices. 2.

<div class="df\_qntext">What is the difference between genuine and clean 3285 movement?

Most of the time, we disassembled all the movement parts and took pictures in details, and we found some differences following below. 1. The power reserve of genuine movement and clean 3285 movement is about 70 hours, and genuine and Clean 3285 movement parts can be exchanged with each other.
