

Haihua group solar container project

<div class="df_qntext">What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest. Panels lay flat on the ground.

<div class="df_qntext">How many households can a solar Container Supply?

Based on an average power consumption of a 4-person household of 4000 kWh per year and a location in Southern Germany, the solar container can supply approx. 32 households with climate-friendly electricity. At a location in Southern Europe it can even be up to 50 households due to the high solar radiation.

<div class="df_qntext">How many installers does a solarcontainer need?

At least 3-4 installers and 1 crane operator are needed to put the Solarcontainer into operation within one day. How many households can one Solarcontainer supply with electricity?

<div class="df_qntext">What makes Hilber Solar GmbH Special?

With Hilber Solar GmbH, the cross-generational and outstanding know-how flows into SolarCont GmbH as a guarantee for a perfectly coordinated and highly efficient photovoltaic system.

On the morning of August 21, Shandong Haihua Hualong New Materials Co., Ltd. and Hubei Yuntu Molten Salt Technology Co., Ltd. held a signing ceremony for a strategic cooperation agreement.

Em 2 de fevereiro de 2023, Grupo Solar First acolheu uma delegação de Tecnologia de energia Co. de Xiamen Haihua, Ltd. liderado por Jiang Chao Yang (Presidente, Secretário da Seção do Partido e ...
