

How to sell solar container systems

<div class="df_qntext">How do I Sell my solar panels?

Find a good location to sell your solar panels. If you are selling to homeowners, consider setting up a display at a local home improvement store or green fair. If you are selling to businesses, consider exhibiting at trade shows or business expositions that focus on environment-friendly products and services. Price your solar panels competitively.

<div class="df_qntext">Should you buy a solar-plus energy kit?

A solar-plus energy kit is better for businesses that want to add solar panels and other energy-generating equipment, such as batteries or inverters, to their existing infrastructure. Finally, a solar panel system is perfect for businesses that want clean, reliable power without extra hardware costs.

<div class="df_qntext">What is solar sales?

Solar sales, in simple terms, is the process of selling solar energy systems to businesses or consumers. The solar industry is rapidly expanding, and solar sales professionals must stay updated with the latest trends and tactics to succeed.

<div class="df_qntext">Can you sell a container online?

Here, online sales can be quite complicated. Delivery usually costs a flat rate per mile. Therefore, you'll either have to work in a calculator with a cost-per-mile delivery fee and a maximum delivery radius or you can't allow online sales unless the buyer comes to pick their container up in person.

<div class="df_qntext">How many homes can a solarfold Container Supply?

The on-grid version of the solarfold container is connected directly to the public power grid and can supply up to 40 single-family homes with the energy produced (energy requirement of 3,500 kW/year/single-family house). The solarfold on-grid container can also be expanded with various storage solutions.

<div class="df_qntext">Should you sell your solar energy business?

This means selling to them is typically easier because you don't have to sell them on solar energy itself, freeing you up to focus on the value your particular business brings compared to the competition. One of the best ways to approach this strategy is by joining the communities and providing your insight and expertise for free.
