<div class="df\_qntext">Do solar projects need an EPC contract?

In our experience, most utility-scale solar projects use an EPC Contract. An operation and maintenance agreement: This is usually a medium- to long-term Operating and Maintenance Agreement (O&M Agreement) with an Operator. The term of the O&M Agreement will vary from project to project.

<div class="df\_qntext">How do I keep stakeholders informed about my solar energy project?

Keep stakeholders informed and engaged with this environmentally-conscious solar energy project status report template. Maintaining transparent communication with stakeholders on your solar energy project's progress is crucial.

<div class="df\_qntext">What is a PV tender preparation resource?

This resource is tailored to support contracting authorities throughout their tender preparations. Explore essential steps covering financing and sustainability for successful project implementation. Additionally, you'll find a template outlining requirements and award criteria for PV projects, also available in 24 languages.

<div class="df\_qntext">What is an EPC contract?

This EPC contract contemplates that a single contractor will be responsible for the entire project -- from design through construction and testing.

<div class="df\_qntext">What is a bankable EPC contract?

A bankable EPC Contract is a contract with a risk allocation between the Contractor and the Project Company to the satisfaction of Lenders and their credit committees.

<div class="df\_qntext">Is a contract price a factor in the bankability of a solar project?

Price is also a consideration but is usually considered separately from the bankability of the contract because the contract price (or more accurately the capital cost of the solar facility) relates to the bankability of the project as a whole.

Confused about Solar EPC? This guide breaks down Engineering, Procurement & Construction, explaining how EPC works, its pros & cons, and why it's a smart choice for solar projects.

1.33 "Project" means the real property, improvements and the System for which the EPC Contractor, its Subcontractor(s) and or its Material Suppliers are to perform the Scope of Work under this Agreement.
